

## EQUAL SUFFRAGE LEAGUE RESUMES ITS ACTIVITIES

Weekly Meetings Will Be Held  
Each Thursday at Headquarters.

**WORKERS TOURING STATE**  
In Preparation for Battle in Coming  
Meeting of Legislature, Suffrage  
Advocates Are Invading Home Dis-  
tricts of Members of Assembly.

The Equal Suffrage League of Virginia has announced that it will resume its usual Thursday afternoon meetings this week. The first indoor meeting of the season will take place at 4:30 o'clock and all in any way interested in suffrage are invited to attend. League members are especially urged to be present, as on this occasion the candidates for the State convention, which is to be held here December 5 and 10, will be elected, and plans announced for the various meetings to be held in Richmond at that time. The meeting will, in fact, be in the nature of a general suffrage rally, and a large attendance is expected.

This is to be a very busy winter for the league. Following immediately on the heels of the State convention comes the annual Southern Conference, composed of delegates from all the Southern States. A short while later, the equal suffrage amendment will be again brought up before the Legislature, and the fight will be on in earnest.

**SUFFRAGISTS PREPARING FOR BATTLE BEFORE LEGISLATURE**  
In preparation for this winter's struggle, a number of suffragists have been touring the State almost without interruption for six months, speaking at county seats on court days, at county fairs, and before every other conceivable kind of a gathering. Their efforts have borne fruit, for the sentiment for suffrage has grown very noticeably, a large number of new leagues have been organized, and few members and candidates for the Legislature have been won over.

The latest county to come into the suffrage fold is Isle of Wight. Mrs. Valentine was asked by the Isle of Wight Fair Association to accept a place on the regular program, with Governor Stuart, the only other official speaker. As a result of her speech she was able to organize, with the help of Mrs. Fath W. Morgan, of Hampton, and Mrs. C. E. Townsend, of Norfolk, a large league. Mrs. John Randle is chairman of this league, and Mrs. C. A. Snyder vice-chairman. Other large leagues have been organized in the past two weeks at Tappahannock, Yorktown, Fluvanna County, Buckingham County and in Hampton. Those who are most concerned in these new leagues are: Mrs. B. Valentine, Miss Alice Clark, Miss Nora Houston, Miss Mae Schall, Mrs. Frank Johnson, Miss Ellen Robinson, Miss Roberta Wellford, Mrs. C. E. Townsend and Mrs. W. F. Williams.

**WOMEN IN JOURNALISM WILL BE TOPIC OF DISCUSSION**  
The Virginia Bureau of Vocations for Women is inaugurating a very interesting short series of afternoons with a many-sided discussion of "Journalism." The occasion will be the meeting of the board of advisers of the bureau, and the meeting will take place on Friday, November 15, at 4 o'clock, in the home of Mrs. Walter S. McNeill, tea being served and the discussion being of an informal sort. A committee composed of Miss Cally Ryland, Mrs. Sally Nelson Robins, Miss Marie L. Hunter and Mrs. Orway P. Warwick, is in charge of the occasion. Editors from several of the Richmond papers have accepted invitations to take part in the discussion, among them: Alfred B. Williams and Dr. Douglas S. Freeman. Others taking part will be Miss Nannie B. Winston, Miss Brent Witt and Mrs. Ladd.

**HARRISONBURG NORMAL**  
[Special to The Times-Dispatch.]  
HARRISONBURG, VA., October 30.—The Harrisonburg Normal, formed in 1910, the second year of the school, has for this term an enrollment of fifty girls, several of whom are from Richmond. The main object of the club is to have a good time out of doors, and the first good time this year was down in "Raccoon Hollow," outside the campus.

A big fire, kindling the bonfire, apples and sweet potatoes were the main features of the meeting. The W. Y. C. A. on Thursday evening held a service of Lights for the admission of new members. The girl was dressed in white, and was given a candle which she lighted from the candle held by the president of the association. The secretary presented to each one a badge of membership. This association is very strong, both in membership and in interest. The Bible study course, is taking hold of the work with much enthusiasm. It has 125 students enrolled. Mr. Dicks, secretary of the Virginia Sunday School Association, spoke to the students at the daily assembly on Friday, giving interesting facts and statistics concerning the cause.

On Saturday, seven girls, under the leadership of Miss King, walked across the country five miles to "Hole Hill," which was a very hard road. They considered a month's rest. After reaching the top, they built a fire and cooked their dinner, which they enjoyed in connection with the feast afforded their eyes in the beautiful view spread out before them in every direction. They had tramped more than eleven miles when they reached home that afternoon, but all seem eager to repeat the experience.

**SAGE TEA TURNS GRAY HAIR DARK**

If Mixed with Sulphur it Darkens So Evenly that It Cannot Be Discovered.

That beautiful, even shade of dark, glossy hair can only be had by knowing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it shines, turns gray, streaked and looks dry, wispy and heavy, just use an application of two of Sage and Sulphur enhances its appearance a hundred fold.

Don't bother to prepare the tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's Sage and Sulphur" because it makes so natural, and even, that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.
